

BRITANNIA P50

Corrosion Free Simple Maintenance Extinguisher P50P - ABC dry powder

ABC powder will extinguish class A (carbonaceous) fires, class B (flammable liquid) fires and class C (flammable gas) fires.

ABC powder is a combination of Mono-ammonium phosphate and ammonium sulphate. The powder is non conductive and may be used in the presence of an electric current.

The powder has a low melting point and on Class A fires the particles fuse and swell to form a barrier which excludes oxygen and completes the extinguishing process and prevents re-ignition. On Class B fires the powder interferes with the chemical reactions that take place in the combustion zone, thus the flame ceases to exist.

Features

- ❖ Approved and certified to EN3
- ❖ 10 year service free life
- ❖ CE marked in accordance with the PED
- ❖ 10 year manufacturer's warranty
- ❖ Requires simple compliance inspection only
- ❖ Gauge check with magnet
- ❖ Reliable super strength composite material
- ❖ Quality assured for long service life
- ❖ No risk of corrosion
- ❖ Fire rating 34A/183B
- ❖ 100% recyclable
- ❖ Carbon neutral benefits
- ❖ 100% UV protected
- ❖ Manufactured in Great Britain

Technical Specification

Model	Capacity (Kg)	Fire Rating	Full Weight (Kgs)	Temp Range	Operating Pressure (Bar) @ 20°C	Discharge Duration (Secs)	Discharge Range (M)	Diameter (mm)	Height (mm)
P50P	6	34A/183B	8.5	-20° to + 60°C	12	20	5	178	570
